

Matrix Vision

The Ultra-Wide digital image of the retina will be done annually for every patient.

The doctor recommends ALL patients to have a digital image of the retina annually with the new digital scanning system.

The test is only a \$40 copay.

Retinal problems such as macular degeneration, glaucoma, retinal holes, retinal detachments, and diabetic retinopathy can now be seen without dilation for most patients.

Early detection is crucial!

The test is only \$40 and not covered by medical insurance.
